Executive Headteacher – Mr Tobin
Head of School – Mrs Pryer
SENCo – Miss Williams / Mr Hayward

Special Educational Needs and Disabilities Information Report

2025 - 2026

All schools within the Berlesduna Trust have a similar approach to meeting the needs of pupils with Special Educational Needs and are supported by the Local Authority to ensure that all pupils, regardless of their specific needs, make the best possible progress in school. All schools are supported to be as inclusive as possible, with the needs of pupils with a Special Educational Need/s and or disabilities being met in a mainstream setting wherever possible, where families want this to happen.

The SEN Code of Practice (January 2015) sets out in Chapter 6.15 that:-

'A pupil has SEN where their learning difficulty or disability calls for special educational provision, namely provision **different from or additional to** that normally available to pupils of the same age.'

We have set out below who will provide this different/additional provision and also how and what we will provide your child/children with Special Educational Need or Disability.

Below is a link to the Essex Local Offer which sets out all the services provided by the Local Authority.

<http://www.essexlocaloffer.org.uk/>

School based information based on the key questions parents and carers ask.	Key People	Summary of responsibilities
<p>Who are the best people to talk to in this school about my child’s difficulties with learning/ Special Educational Needs/Disability (SEND)? How can I talk to them about my child if I need to?</p> <p>What are the policies for identifying children and young people with SEN and assessing their needs, including the name and contact details of the SENCo?</p>	<p>Class Teachers</p>	<p>Class teachers are responsible for:</p> <ul style="list-style-type: none"> • Ensuring that all children have access to good/outstanding teaching through Quality First Teaching, and that the curriculum is adapted and scaffolds put in place, to meet your child’s individual needs (also known as differentiation). • Talking to you if they have any concerns with regards to your child’s progress. • Checking on the progress of your child and identifying, planning and delivering any additional help your child may need (this could be things like targeted work, additional support, adapting resources, scaffolds etc..) and discussing amendments with the SENCo as necessary. • Writing learning targets and sharing and discussing these with parents at least once each term. This may take place during parent consultations or outside of these and will include planning for the next term. This is done in the form of creating One Plans for children with SEND. For children with a higher level of a need, a more formalised One Planning Meeting may also be held to discuss the child’s needs in greater detail and plans created for the future. Children requiring the more formalised One Planning Meetings are the children who may need an Education, Health and Care Plan (EHCP) in the future or they already have an EHC Plan and this is done as part of the Annual Review process. <p>At Merrylands, we ensure that all members of staff working with your child are aware of your child’s individual needs and/or conditions and what specific adjustments need to be made to enable them to be included and make progress.</p> <ul style="list-style-type: none"> • Ensuring that all staff working with your child in school are supported in delivering the planned work/programme for your child, so they can achieve the best possible progress. This may involve the use of additional adults, outside specialist help and individualised curriculums planned work and resources.

	<p>Special Educational Needs Co-ordinator (SENCo)</p>	<ul style="list-style-type: none"> • Ensuring that the school’s SEND Policy is followed, in their classroom and for all the pupils they teach with any SEND. Your child’s teacher will be available to speak to at the end of the school day or by appointment as necessary. <p>Miss Williams / Mr Hayward are responsible for:</p> <ul style="list-style-type: none"> • Coordinating and overseeing the support for children with special educational needs (SEN) and or disabilities, and developing the school’s Inclusion/SEN Policy to make sure all children get a consistent, high quality response to meeting their needs in school. <p>They will ensure that as parents/carers you are:</p> <ul style="list-style-type: none"> ➤ Fully involved in supporting your child’s learning ➤ Kept informed about the support your child is getting ➤ Involved in reviewing how they are doing ➤ An integral part of planning ahead for them <ul style="list-style-type: none"> • Liaising with all the other people who may be coming into school to help support your child’s learning e.g. Speech and Language Therapy, Educational Psychology etc... • Updating the school’s SEN records and making sure that there are up to date details of your child’s progress and needs. • Providing specialist support for teachers and support staff in the school so they can help your child (and other pupils with SEN and/or disabilities in the school) to achieve their potential. • Supporting your child’s class teacher to write appropriate and timely learning targets for your child to achieve. • Organising training for staff so they are aware of issues around differing needs and are confident about how to meet the needs of your child and others within our school. • Arranging and carrying out One Plan meeting with parents, children, staff and relevant professionals in order to audit and review the current provision for your child and decide on new targets for the future. • They are happy to meet with any parent/carer whenever they need to and can be contacted via the office on 01268 417893 or by email :- SENDAdmin@merrylands-pri.essex.sch.uk <p>The SEN Code of Practice sets out what the key responsibilities of the SENCo may include:</p> <ul style="list-style-type: none"> • overseeing the day-to-day operation of the school’s SEN policy • co-ordinating provision for children with SEN • liaising with the relevant Designated Teacher where a looked after pupil has SEN • advising on the graduated approach to providing SEN support • advising on the deployment of the school’s delegated budget and other resources to meet pupils’ needs effectively • liaising with parents of pupils with SEN
--	---	--

	<p>Learning Support Assistant (LSA) may be allocated to some pupils with SEN and or disabilities)</p> <p>Head of School</p> <p>SEND Governors</p>	<ul style="list-style-type: none"> • liaising with early years providers, other schools, educational psychologists, health and social care professionals, and independent or voluntary bodies • being a key point of contact with external agencies, especially the local authority and its support services • liaising with potential next providers of education to ensure a pupil and their parents are informed about options and a smooth transition is planned • working with the Headteacher and school governors to ensure that to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements • ensuring that the school keeps the records of all pupils with SEN up to date <p>A Learning Support Assistant (LSA) may be allocated to support a pupil or group of pupils with exceptional special educational needs and/or disabilities. Whilst we recognise that they play a very valuable role in a child’s education, we would prefer that questions regarding your child’s learning and progress are directed to the staff members named above (Class Teacher/SENCo). Of course, as a school, we welcome daily dialogue between parents and LSAs on how a child’s day has been and we do encourage this continued feedback. A ‘home/school book’ is sometimes used as an easy way to ensure communication occurs regularly and is an important way for parents/carers and school to let each other know about home and school life that may affect a child in a positive or negative way. It is also another way we can celebrate a child’s achievements and success both at home and at school.</p> <p>Mrs Pryer is responsible for:</p> <ul style="list-style-type: none"> • The day to day management of all aspects of the school, this includes the support for children with SEN and/or disabilities. • She will give responsibility to the SENCo and class/subject teachers but is still responsible for ensuring that your child’s needs are met. • She must make sure that the Governing Body is kept up to date about any issues in the school relating to SEND. <p>The Governor for SEND is Mrs Almond and she is responsible for:</p> <ul style="list-style-type: none"> • Making sure that the school has an up to date SEND Policy • Making sure that the school has appropriate provision and has made necessary adaptations to meet the needs of all children in the school • Making sure that the necessary support is made for any child who attends the school who has SEN and/or disabilities. • Making visits to understand and monitor the support given to children with SEND in the school and being part of the process to ensure your child achieves his/her potential in school.
--	---	---

<p>How are parents/carers consulted about their children with Special Educational Needs and how does the school involve parents in their child's education?</p>	<ul style="list-style-type: none"> • If the school has a concern regarding your child, we will contact you and ask you to come in and meet with the Class Teacher and/or the SENCo. We will share with you our concerns and ask you to let us know if you have any concerns. • If we feel your child needs to be added to our register of children with Special Educational Needs, we will let you know. • Once added to the register, a One Planning meeting with your child's class teacher will be arranged to discuss your child's needs and set appropriate targets. Depending on the level of need, it may be that a more formalised One Planning meeting is required and this may be carried out in conjunction with the class teacher and the SENCo, Miss Williams/Mr Hayward. One Plans include lots of information about your child, including; their strengths, their needs, strategies that may support their learning and SMART targets to work towards. • If we feel that your child could benefit from being seen by a professional in the community such as a Community Paediatrician, Speech and Language Therapist, Occupational Therapist etc, the SENCo will be happy to meet with you to obtain your views and share the views of the school. They will then write a referral to the Children's Single Point of Access (CSPA) to request their services. If those needs relate to ADHD or Autism, the SENCo will be happy to work with you if necessary to complete the ASD/ADHD Pathway paperwork. We also work closely with the speech therapist from Carabott and Davis and may refer to them regarding speech and language needs. • As parents, you are your child's primary educator, and we welcome your involvement in every stage of your child's education and look to you to help us to 'assess, plan, do and review' what needs to be done to help your child to reach their potential. • We will always seek your permission to obtain any assistance from external specialists if we deem it necessary. • When specialist teachers or external agencies come in to work with your child, we will let you know what has happened. Sometimes the professionals want to meet with you so the SENCo will arrange for you to be present also. If you are not present, we will forward to you any reports that we receive. • If it is felt your child may need an Education Health and Care plan (EHCP), we will work with you and invite you to attend meetings and support you and complete all the necessary paperwork to obtain this. This will also involve having One Planning meetings in order to generate the paperwork needed to request the EHC Plan. • If your child has an EHC plan we will hold an Annual Review meeting in the form of a One Planning Meeting which you will be invited to. At this meeting, you will meet with adults working with your child and you will be asked to give us your views on all aspects of your child's education. We will also set new targets for the coming year. We will also discuss the appropriateness of mainstream education for your child and if you believe that a specialist provision would be more appropriate then we can request this preference through the Annual Review. It is always the decision of the parent to request a special school however, we are happy to provide guidance on this. Your child will also have two further One Planning Meetings with the class teacher during the course of the year.
<p>How are children and young people with SEN consulted and involved in their own education?</p>	<ul style="list-style-type: none"> • When a child or young person is identified as having a Special Educational Need and they have a One Plan, their teacher will talk with them about their views and their targets and offer the correct support and strategies to enable them to achieve them. • Children are encouraged and supported to give their views for their One Plans and Annual Reviews, this is particularly important when there is a need to obtain an EHC Plan.

	<ul style="list-style-type: none"> • Children can attend their Annual Review/One Plan/ meetings and will always be supported to give their opinions and ideas. Miss Williams/Mr Hayward ask staff working with the children to complete a children’s views form with them in school and the same form goes home for the children to complete with their parents/carers in their home setting. • As a school, we fully involve all children in their own education.
What are the different kinds of Special Educational Needs that the school provides for?	<ul style="list-style-type: none"> • Merrylands Primary School welcomes children with a wide range of special educational needs and disabilities including children who are looked after and have special educational needs and or disabilities. These include all children with difficulties in cognition and learning, sensory or physical difficulties, communication and interaction difficulties and children with difficulties in Social Emotional and Mental Health. We make reasonable adjustments, including the provision of auxiliary aids and services for children with special educational needs and or disabilities. We provide the necessary support for children with medical needs and will follow care plans for these children to ensure we provide the appropriate care. • Merrylands Primary School ensures that children who have SEND and are looked after and those in receipt of Pupil Premium are provided with the appropriate support that enables them to achieve their potential.

Key Questions	Types of support	What would this mean for your child?	Who can get this kind of support?
What are the different approaches used to teach children and young people with SEN and /or disabilities at Merrylands Primary School?	Class teacher input through Quality First Teaching - high quality, good and or outstanding classroom teaching.	<p>The teacher will have the highest possible expectations for your child and all pupils in their class irrespective of their starting points.</p> <ul style="list-style-type: none"> • All teaching is based on building on what your child already knows, can do and can understand. • Putting in place different ways of teaching so that your child is fully involved in learning in class. This may involve things like providing more practical learning experiences or providing different resources adapted for your child. • Teaching is differentiated/scaffolded according to ability and support deployed as necessary to meet the needs of the learners. • Putting in place specific strategies (which may be decided by the class teacher or suggested by the SENCo or from outside agencies) to enable your child to access different learning tasks. 	All children in school receive this.

<p>How are adaptations made to the curriculum and the learning environment of children and young people with SEN?</p>	<p>Specific small group work/ Intervention groups</p>	<p>Your child’s teacher will have carefully checked your child’s progress and will have decided that your child has gaps in their understanding/learning and needs some extra support to close the gap between your child and their peers.</p> <ul style="list-style-type: none"> • He/ She will plan group interventions for your child with targets to help your child to make more progress. • Within class or outside of class a Learning Support Assistant/Higher Level Teaching Assistant or teacher will teach these small group interventions using the teacher’s plans, or a recommended programme. <p>The resources/interventions we could access may include: Numicon, Social story/skills programme, additional phonics teaching, additional reading programmes, gym trail, sensory circuits, Speech and Language programmes provided by Speech and Language Therapists which are delivered by our trained Speech and Language LSA, fluid groups/interventions to support day to day learning that may not have been understood, etc.</p> <p>At Merrylands, we also have The Nest provision. This is a provision for our children with high needs or Severe Learning Difficulties (SLD) who are unable to access the mainstream curriculum. At Merrylands, we recognise that there are not enough special school places for children with SLD and have developed our own provision, with the support from the Local Authority and our Inclusion Partner, to meet the needs of the children who require a more specialised education. Children benefit from both classroom experiences for lessons they can access such as PE and music and also support in The Nest for specialised reading, writing, maths, wider curriculum lessons, lessons on safety and communication such as Bucket Time, Musical Communication, messy play and sensory circuit. Children work on their individualised targets set during One Plan meetings and Annual Reviews.</p> <p>For our children with special educational needs in the area of Social Emotional and Mental Health, we run several intervention groups. Here, children are supported by our trained Practitioners to regulate their emotions, work on individual targets and are also supported, when they are ready, to complete academic work, in a calm, purposeful setting that meets their SEMH needs.</p> <p>We also offer Drawing and Talking therapy and the school also has access to a counselling service for children who need more formalised counselling/therapy.</p>	<p>Any child who has specific gaps in their understanding of a subject/area of learning.</p> <p>Some of the children accessing intervention groups may be at the stage where they have been identified by the class teacher as needing some extra support in school. These children may have a One Plan or an EHC Plan.</p> <p>Children with Severe learning difficulties or high needs SEN</p> <p>Children with difficulties in social, emotional or mental health needs.</p> <p>Any child who is struggling with their emotions can access support from the SEN team.</p>
---	---	---	---

<p>How are children and young people with SEN enabled to engage in activities available to children and young people in the school who do not have SEN?</p>	<p>Whole Class Small Group work Paired work Outdoor Learning Intervention Group Work Individual 1-1 Support</p>	<ul style="list-style-type: none"> • The school ensures that all children are included in every aspects of learning where possible. • High expectations and Quality First Teaching is found in all classrooms - all lessons are well planned and differentiated/scaffolded to ensure different ability groups of children within a whole class learning environment make progress and achieve their potential in all lessons. • We believe that it is important for children with or without SEN to work together in whole class, small groups, paired work and other learning opportunities. • Some children who have a One Plan or an EHC Plan and require additional adult support will usually still work within the classroom. This ensures they are taught by a teacher. An LSA may rephrase and assist then during lesson inputs to ensure they fully understand the learning. They may then work within small groups on activities differentiated/scaffolded according to their need. • There are some occasions when the children may have interventions outside of the classroom on a 1-1/small group basis as part of the requirements of their One Plan/EHC Plan. This includes our children in The Nest or Autism Support Centre (ASC). 	<p>All children</p>
<p>What support does the school offer for improving emotional and social development?</p>	<p>Whole Class Activities Small Group 1-1 support Enlisting support from external services Pastoral Support from the Pastoral Support Team.</p>	<p>Merrylands Primary School prides itself on the level of support we offer our students in support of their Social, Emotional and Mental Health development and very often any resulting behaviours. We follow the Essex Steps Programme (See our Relationships and Behaviour Policy) which promotes pro social behaviours and a therapeutic approach in school for all.</p> <p>Trained staff in the Nest and ASC help children and young people become more emotionally resilient and better placed to engage with life and learning. Our Practitioners work with children on an individual or small group basis.</p> <p>Miss White, class teacher has completed the Senior Mental Health Lead training and is the Senior Leader for Mental Health across the school.</p> <p>At Merrylands, some children use Zones of Regulation, whereby students learn to identify their emotions and feelings and consciously regulate their actions. This leads to increased control and problem-solving abilities.</p>	<p>All children receive support for their social and emotional needs.</p> <p>Support at a higher level is given for those whose SEMH needs are affecting their learning and development.</p>

SEND Information Report 2024-2025

		<p>The SENCo and the Inclusion Team work with children and their families to offer support and guidance to help children cope with any situations that may be causing them distress.</p> <p>PSHE sessions are used to discuss emotional and social issues with children.</p> <p>When necessary, we may suggest your child would benefit from seeing a counsellor in school. Children can only work with one of the therapists if we have parental permission. Also, external counsellors may come in to school and work with children on a one to one basis. If we feel the need, or families request this, we may also refer a child CAMHS (previously The Emotional Wellbeing and Mental Health Service, EWMHS) for help and support.</p> <p>When the emotional and social difficulties begin to affect the child’s behaviour and learning we may request that you allow us to refer your children to the Educational Psychologist attached to our school or our SEND Inclusion Partner for further support. In the most severe cases we may need to apply for an EHC Plan if your child’s social and emotional needs are causing a significant barrier to their learning.</p>	
<p>How is the expertise and training of staff, to support children and young people with SEN, including how specialist expertise secured, managed and delivered?</p>	<p>Teacher Training</p> <p>Training from external agencies</p> <p>Berlesduna Academy Trust Training</p> <p>Outside agency involvement.</p> <p>This may be from:</p> <ul style="list-style-type: none"> • Local Authority central services such as Visual support or Hearing Impaired 	<p>Miss Williams has worked as a SENCo for over 10 years. She has obtained the National Award for SEN Co-Ordination qualification. Mr Hayward has obtained the National Award for SEN Co-Ordination qualification and has a Master’s Degree in Special Education.</p> <p>All staff are trained to work with children with a range of SEND. All teachers can appropriately differentiate/scaffold the learning activities to ensure children can access the learning and achieve their potential. If a child enters the school with a particular learning need that needs further training then we seek the support of outside agencies, including our Inclusion Partner, to assist with that training. Appropriate staff will then be trained to cater for a particular child’s needs.</p> <p>When a child has an identified special educational need, the support received from external agencies such as specialist teachers (for physical and neurological needs) will be requested and staff will work under the direction of those professionals to ensure they are fully catering for the needs of the child.</p> <p>The SENCo provides guidance and training for staff working with children with SEN.</p> <p>If your child has been identified as needing more specialist input, instead of, or in addition to good and outstanding class room teaching and intervention groups, referrals will be made to outside agencies to advise and support the school in enabling your child to make progress. Before referrals are made, we will discuss your child’s progress with you and together we will</p>	<p>Children whose learning needs are:</p> <ul style="list-style-type: none"> • Severe, complex and lifelong • Need for an EHCP assessment.

• Outside agencies such as the Speech and Language therapy (SALT) Service, Occupational therapy service, Physiotherapy and/or SET CAHMS Support from the Local Authority from the Educational Psychologist and our Inclusion Partner

plan possible ways forward.

If it is agreed that the support of an outside agency is a way forward, you will be asked to give your permission for the school to refer your child to a specialist professional e.g. a Speech and Language Therapist or Educational Psychologist, Community Paediatrician. This will help the school and yourself understand your child’s particular needs better. Miss Williams/Mr Hayward is able to make these referrals with your permission. Miss Williams/Mr Hayward, or a member of her team, would also be willing to attend appointments with parents with external professionals such as the Community Paediatrician, if you would like them to and diaries allow.

The specialist professional will work with your child to understand their needs and make recommendations, which may include:

- Making changes to the way your child is supported in class e.g. some individual support or changing some aspects of teaching to support them better
- Support to set targets which will include their specific professional expertise
- Your child’s involvement in a group run by school staff under the guidance of the outside professional e.g. a social skills group.
- A group or individual work with an outside professional

The school may suggest that your child needs some agreed individual support or group support in school. They will tell you how the support will be used and what strategies will be put in place. If we feel that they need more than our delegated budget will allow to make good progress, we will discuss with all parties involved, in making a request for a Needs Assessment for an EHCP. If this is not the case, the outside agencies will ask the school to continue with the support already provided.

If a child has SEMH needs that require an EHC Plan, this will outline the outcomes and aspirations for your child and support your child with specific strategies. It will also have long and short-term targets for your child to achieve and school will put in the necessary support to help to achieves these.

There may be an additional adult to support your child with whole class learning, run individual programmes or run small groups including your child.

Children with high levels of SEND or SEMH needs may be supported in The Nest or other intervention spaces.

<p>How will we support your child with identified special needs before and when they start at our school?</p>	<ul style="list-style-type: none"> • We will invite you to visit the school with your child to have a look around and speak to staff. • We hold school tours for parents who are looking to select an appropriate provision in the Autumn term each year. • Staff from school will visit or speak with the pre-school setting if your child has attended one. If possible, they will meet with your child and staff within that setting. • The SENCo will endeavour to attend any one planning meetings arranged once we know your child will definitely be starting at our school. • If other professionals are involved, we will try to meet them or contact them to discuss your child’s needs, share strategies, and ensure provision is put in place before your child starts. • Depending on your child’s needs, we may suggest transition visits or adaptations to the settling in period to help your child to settle more easily. This could include beginning on a part time basis with a clear idea as to when and how this will be increased to ensure your child is in school full time as soon as possible. • If your child is to have a key adult involved, we will endeavour to arrange times when they can meet you and your child to get to know each other, this could be at the ‘Stay and Play’ times that we offer as part of the transition process. 	<p>Children who have identified Special Needs before they begin at our school.</p>
<p>What are the arrangements for supporting children and young people in moving between phases of education and in preparing them for adulthood?</p>	<p>We recognise that ‘moving on’ can be difficult for a child with SEN/and or disabilities and take steps to ensure that any transition is a smooth as possible.</p> <ul style="list-style-type: none"> • If your child is moving to another school: We will contact the new school’s SENCo and ensure he/she knows about any special arrangements or support that needs to be made for your child. We will make sure that all records about your child are passed on as soon as possible. Where possible, we make arrangements for staff who have worked with your child to meet/have contact with new staff. • When moving classes in school: Information, including learning targets, One Plans, or any other professional reports such as speech and language reports, will be passed on to the new class teacher in advance. For children with EHCP and/or more complex needs, there may be an additional planning meeting and / or specific preparation or training for the new teacher and / or support staff if this is required. • If your child would be helped by a transition booklet to support them understand moving on then it will be made for/with them. • Where understanding might be difficult, your child may visit their new school and in some 	<p>All children</p> <p>Adaptations may be made to this to cater for individual special educational needs.</p>

	<p>cases staff from the new school will visit your child in this school.</p> <ul style="list-style-type: none"> • When your child moves on from each of their classes from Early Years Foundation Stage, Key Stage 1 and Key Stage 2 we arrange transition sessions within each new setting. The children are introduced to new teachers and any key adults who may be working with them and also to discuss new routines and expectations. • Depending on your child’s Special Educational Need, it may be necessary to have a longer transition period than other children. It may also be necessary to create a transition booklet for your child that includes photographs of new settings, the adults that will be supporting them and some information to help them to prepare for a big change. This can be particularly helpful for preparation over the long summer holidays. We attempt to make these for all our children on the SEND register. • If your child leaves our school at other times during the academic year, the SENCo at their new school may contact us to request any information that may help them to cater for your child’s Special Educational Needs. <p>As a school, we recognise that the aspirations we encourage for our children and young people prepare them for adulthood. We help children to think about their future and encourage them to reflect on their ambitions, which could include higher education, employment, independent living and participation in society. This is a natural part of the One Planning process for all adults involved and the child to look at aspirations for the future.</p>	
<p>How can I let the school know I am concerned about my child’s progress in school?</p>	<ul style="list-style-type: none"> • If you have concerns about your child’s progress, you should speak to your child’s class teacher initially. • If you are unsure that your concerns are being managed sufficiently, and that your child is still not making progress you should speak to the SENCo, Deputy Head or Head of School. If you are still not happy, you can speak to the school SEN Governor Mrs Almond. 	<p>All parents and their children</p>
<p>How will the school let me know if they have any concerns about my child’s learning in school?</p>	<ul style="list-style-type: none"> • When a teacher or a parent has raised concerns about your child’s progress, and targeted teaching has not met the child’s needs, the teacher will raise this with the SENCo. Our school also has pupil progress meetings every term with the Headteacher or Deputy Headteacher, to ensure all children are making good progress. This is another way your child may be identified as not making as much progress as expected. • If your child is identified as not making sufficient progress, the school will make a decision about whether to monitor this or set up an intervention group and will inform you. Discussions about progress will also form part of any One Planning meetings or Annual Review meetings. • If your child is still not making expected progress, we will discuss with you <ul style="list-style-type: none"> ➤ Any concerns you/we may have 	<p>All parents and their children</p>

	<ul style="list-style-type: none"> ➤ Any further interventions or referrals to outside professionals to support your child’s learning ➤ How we could work together, to support your child at home/school. 	
<p>How is extra support allocated to children and how do they move between the different levels of SEN Support?</p>	<p>The school budget, received from the Local Authority, includes money for supporting children with SEND.</p> <ul style="list-style-type: none"> • The Executive Head Teacher and Head of School decides on the budget for Special Educational Needs in consultation with the school governors, on the basis of the needs of the children currently in the school. • The Head of School and the SENCo discuss all the information they have about SEND in the school, including <ul style="list-style-type: none"> ➤ the children getting extra support already ➤ the children needing extra support ➤ the children who have been identified as not making as much progress as would be expected. ➤ deciding what resources/training and support is needed. • All resources/training and support are reviewed regularly and changes made as needed. <p>Under the SEN Code of Practice, all children on the register are termed to be in receipt of SEN Support. All children requiring SEN Support are closely monitored. They will have provision identified through their One Plans.</p> <p>In time, children needing support from Specialist Services, will have additional One Planning meetings to discuss your child’s needs with any professionals working with them. At these meetings, targets are suggested and plans and strategies put in place to achieve those targets. If your child is still not making the necessary progress then we may consider that an EHC Plan might be needed. We will work with teachers, parents and carers and other professionals (if they are involved) to put together the paperwork needed to send to the Local Authority for a Request for a Needs Assessment.</p>	<p>All children with SEND</p>
<p>How does the school involve other bodies, including Health and Social Care bodies, local authority support services and voluntary sector organisations, in meeting children and young people’s SEN and supporting their families?</p>	<p>When a parent or member of the school staff have a concern regarding a child, we seek to obtain support for the child and their family from the most appropriate body. A referral will be made to the appropriate organisation that sets out the nature of the difficulties. A member of the school staff, usually the SENCo, will meet with the specialist and their families if requested. A plan of action will then be put in place as to how best support the child. Whatever the plan of action is, this will be shared with anyone working with the child including the teacher, LSA, HLTA etc to ensure that all working with the child are following agreed strategies.</p>	<p>All Children</p>

	<p>Directly funded by Berlesduna Academy Trust and the School</p>	<p>LSAs SENCo Speech and Language Therapist Counsellor</p>	
	<p>Paid for centrally by the Local Authority but delivered in school</p>	<p>Specialist teachers PNI Team SEND Inclusion and Psychology Team including Educational Psychologist and the Inclusion Partner</p>	
	<p>Provided and paid for by the Health Service NHS Trust, but delivered in school</p>	<p>For children who have medical issues the SENCo, family support officer and a member of staff with Paediatric First Aid Training arranges meetings with the school nurse or a diagnosing physician or hospital to complete Health Care Plans and arrange any necessary training. For children on medication, including children with allergies, health care plans should be provided to us by a diagnosing physician. If these are not provided we will meet with parents/carers to produce the plan to set out the medical care required. We ensure that the Care Plan is followed in school. The Health Visitor works with the school supporting children under five. School Nurse works closely with the school for specific families and the school can refer to them if they have concerns about children. Speech and Language Therapy at Great Oaks Access to the Community Paediatrician and other health professionals such as Occupational Therapist/Physiotherapist. Professional training for school staff to deliver medical interventions Interventions from Social Care</p>	
<p>How are the adults in school helped to work with children with SEN and what training do they have?</p>	<p>The SENCo’s job is to support the class teacher in planning appropriate provision for children with SEN when requested. They may provide strategy sheets, pathway guidance for securing appropriate SEN support and will make referrals to necessary services as required.</p> <ul style="list-style-type: none"> • Whole staff training to disseminate knowledge, strategies and experience, to ensure consistency of the school’s approach for children with SEND. 		<p>All children with SEND</p>

	<ul style="list-style-type: none"> • Individual teachers and support staff attend training courses run by outside agencies that are relevant to the needs of specific children in their class e.g. from the SEND Inclusion and Psychology Team. • If we are unsure how best to support a child, we seek the guidance of the Inclusion Partner or Educational Psychologist who may come in to work with school staff to provide information, strategies and guidance in how to support particular children. We also work with Specialist teachers for children with a range of physical or neurological difficulties when required. 	
<p>How will the teaching be adapted for my child with Special Educational learning needs?</p>	<p>Class Teachers plan lessons according to the specific needs of all groups of children in their class, and will ensure that learning tasks are adjusted/scaffolded in order to enable every child to learn as independently as possible.</p> <ul style="list-style-type: none"> • Specially trained support staff can implement the teachers modified/adapted planning to support the needs of your child where necessary. The SENCo will work with the school’s Inclusion Partner if we need further guidance and direction to ensure that teaching and learning strategies are adapted in appropriate ways. • Specific resources and strategies will be used to support your child individually and in groups – for example:- accessibility plans including disabled toilets, behaviour charts/rewards, visual timetables, ear defenders, left-handed or easy grip scissors, writing slope, Finger Gym & Gym Trail resources, wide range of reading materials, Interactive Whiteboards, social stories. • Planning and teaching will be adapted on a daily basis if needed to meet your child’s learning needs and increase your child’s access to what is on offer. <p>Following the guidance as set out in the Essex Provision Guidance or the Ordinarily Available guidance. https://schools.essex.gov.uk/pupils/SEND/Documents/Provision-Guidance-v4.pdf</p>	<p>All children with SEND</p>
<p>How does the school measure children’s progress in school? How will parents know about this? Will parents be involved in the assessment and review process?</p>	<p>Your child’s progress is continually monitored by his/her class teacher.</p> <ul style="list-style-type: none"> • His/her progress is reviewed formally every term and a National Curriculum/Pre Key Stage/ EYFS levels in reading, writing and maths is entered into Insight Tracking for monitoring. Progress in other areas, as appropriate, such as attendance, engagement in learning and behaviour are also considered. • Children working below the National Curriculum in Years 2 and 6 will be assessed against the Pre-Key Stage Standards. Children working between P1 and P4 will be assessed using the new Engagement Model (July 2020) 	

	<ul style="list-style-type: none"> • At the end of Key Stage 2, (i.e. at the end of Year 6), all children are required to be formally assessed using Standard Assessment Tests (SATs). This is something the government requests all schools to do and the results are published nationally. • The parents/carers of children with One Plans have an extra opportunity each term to discuss their children’s learning targets and progress with the teacher and SENCo and plan for the future as they follow the Assess, Plan, Do, Review cycle. • The progress of any children with an EHC Plan, is formally reviewed at an Annual Review with all adults involved with the child’s education. • Children with EHC Plans have individual target sheets and folders of activities to – these targets are set in One Plan meetings and Annual reviews. Any adults working with the children with target sheets are responsible for keeping records of daily progress against these targets. Each week these target sheets are collected and analysed. As soon as children are consistently meeting a target then Miss Williams/Mr Hayward work together to set new targets. • The SENCo will also monitor the progress of children in class as well as the progress they make in intervention groups to ensure these are having the necessary impact. • A range of ways will be used to keep you informed. These may include: - Parent Consultations, Review meetings, One Planning meeting, Annual Review Meetings, home/school book, letters/certificates sent home, additional meetings as required, reports, rewards and celebrations. • At Merrylands we aim to involve parents as fully as we can in the progress their children make and the targets that are set. We believe and research shows, that when school and home work together, children make far greater progress. • When a child with SEN begins an intervention then assessments are made prior to starting. At the end of an intervention, further assessments are made to ensure your child has made progress. If an intervention is clearly not having an impact then another will be put in place. Merrylands Primary School ensure they do all they can to measure the impact of the • provisions we put in place. If something is not working, we will find an alternative that will. 	
<p>What support does the school offer to the parents/carers of children with SEN/and or disabilities?</p>	<ul style="list-style-type: none"> • The SENCo, (or Head of School), is available to meet with you to discuss your child’s progress or any concerns/ worries you may have. <p>The SENCo holds a half termly coffee morning for parents and carers of children on the SEND register. This is a time to meet other parents at the school and to discuss any issues you may</p>	<p>All parents/carers of children with SEND.</p>

	<p>be having. We sometimes invite visitors from outside agencies in to let you know of support that can be offered in the community. All parents and carers of children on the SEN register are welcome to join these half termly meetings.</p> <ul style="list-style-type: none"> • We would like you to talk to your child’s class teacher regularly so we know what your children are doing at home and we can tell you about what we are doing in school. This is to ensure that we are doing similar things to support them both at home and school and can share what is working well in both settings. If you wish to see the class teacher, you can book an appointment after school. • All information from outside professionals will be discussed with you by the person involved directly, or where this is not possible, in a report. The SENCo is available to meet with you to discuss any new assessments and ideas suggested by outside agencies for your child and will always seek your involvement in matters of concern. • You will have an extra opportunity each term to discuss your children’s learning targets and progress with the teacher and/or SENCo • Homework will be adjusted as needed to your child’s individual needs if required. • A home/school contact book may be used to support communication with you, when this has been agreed to be useful for you and your child. • In addition: If your child is undergoing an EHCP assessment you will also be supported by a SEND Operations Co-Ordinator at the Statutory Assessment Service. They will ensure that you fully understand the process. 	
<p>How will my child be included in activities outside the classroom?</p>	<ul style="list-style-type: none"> • At Merrylands Primary School we have a range of after school and lunchtime clubs these are usually available for all children to attend. 	<p>All Children</p>
<p>How does the school support pupils with disabilities?</p>	<p>The Accessibility Plan sets out the school’s plan in order to:</p> <ul style="list-style-type: none"> (a) Increase the extent to which disabled pupils can participate in the school’s curriculum. (b) Improve the physical environment of the school for the purpose of increasing the extent to which disabled pupils are able to take advantage of education and benefits, facilities or services provided or offered by the school, and (c) Improve the delivery to disabled pupils of information which is readily accessible to pupils who are not disabled and so that such delivery to disabled pupils is made within a reasonable time and in ways which are determined after taking account of the pupils’ disabilities and any preferences expressed by them or their parents. <p>Our plan covers the following areas:</p>	

	<ul style="list-style-type: none"> • Cognitive disorder • Hearing impairment • Visual impairment • Physical impairment <p>Our plan also take into account the voice of the pupil. Where possible, children will be given opportunities to share their concerns, their views and their ideas. Adaptations will be made as needed and the voice of the child will be heard and acted upon.</p> <p>Our Accessibility Plan can be found here: Merrylands Primary School and Nursery - SEND</p>
<p>What is your Autism Support Centre?</p>	<p>At Merrylands Primary School we have an enhanced provision (ASC) for 8 pupils diagnosed with Autism (ASD). This is an enhanced support centre, not a specialist school.</p> <p>Some mainstream schools across Essex have extra support available for pupils with special needs and disabilities. These are called 'enhanced provisions'. These are not the same as special schools.</p> <p>Across Essex, there are four primary enhanced provisions and four secondary enhanced provisions.</p> <p>To receive a placement in one of the enhanced provisions, including here at Merrylands Primary School, a child must have:</p> <ul style="list-style-type: none"> • a diagnosis of autism • a finalised Education Health and Care Plan for children or young people with autism as the primary need • The cognitive ability to access the mainstream academic curriculum with appropriate support from the autism support centre to overcome their barriers to learning (i.e. do not have a level of social anxiety, which may result in significantly high levels of challenging behaviour or have challenging behaviours which are entrenched and are additional to their autism) <p>The purpose of the ASC is to ensure that the pupils attending the centre make progress as detailed within their Education Health and Care Plan. The idea is that the ASC can provide specialist support and guidance when the child feels overwhelmed; this will enable the child to spend increasing amounts of time accessing the classroom and engaging with their peers in a mainstream setting.</p>

	<p>There is a separate admissions process to become part of our ASC that is managed by the Essex SEND Operations Team. If your child attends Merrylands Primary School and Nursery, they are not automatically offered a place in the ASC, even if they meet the criteria.</p> <p>As part of the Needs Assessment process for an EHCP, Essex SEND Operations will advise you on schools that they feel may be appropriate and then consult with schools via a consultation process that must be started via SEND Operations. Advice on choosing a suitable school for children with an EHCP can be found on the Essex SEND IASS website (link below).</p> <p>https://www.essexsendiass.co.uk/parents-and-carers/choosing-a-school-for-a-child-or-young-person-with-send/</p>
<p>What arrangements are in place if a parent wishes to make a complaint about the provision for a child with SEN</p>	<p>Merrylands Primary School prides itself on the provision we give your children. Merrylands is a good school that offers a wealth of high quality learning opportunities that support your children to make progress and achieve their potential.</p> <p>In the rare event that you may wish to make a complaint about your child’s provision, please refer to the Complaints Policy and we suggest the following:-</p> <ul style="list-style-type: none"> • Initially talk to your child’s class teacher if you have a complaint about provision for your child. • If you are not satisfied your complaint has been dealt with effectively then you may wish to make an appointment with the SENCo, Head of School or Deputy Headteacher. • If you are still unhappy then you can request an appointment with the SEN Governor. • Complaints can also be made directly to Essex County Council or Ofsted. <p>To see a full explanation of suitable avenues for complaint, see pages 246 and 247 of the SEND Code of Practice. If you feel that our school has discriminated against your child because of their SEN, you have the right to make a discrimination claim to the first-tier SEND tribunal. To find out how to make such a claim, you should visit: https://www.gov.uk/complain-about-school/disability-discrimination</p> <p>You can make a claim about alleged discrimination regarding:</p> <ul style="list-style-type: none"> ➤ Admission ➤ Exclusion ➤ Provision of education and associated services ➤ Making reasonable adjustments, including the provision of auxiliary aids and services <p>Before going to a SEND tribunal, you can go through processes called disagreement resolution or mediation, where you try to resolve your disagreement before it reaches the tribunal.</p>

<p>What support is in place for looked-after and previously looked-after children with SEN?</p>	<p>Mr Andrews (LAC designated teacher) will work with Ms Williams/Mr Hayward, our SENCos, to make sure that all teachers understand how a looked-after or previously looked-after pupil’s circumstances and their SEN might interact, and what the implications are for teaching and learning.</p> <p>Children who are looked-after or previously looked-after will be supported much in the same way as any other child who has SEN. However, looked-after pupils will also have a personal education plan (PEP). We will make sure that the PEP and any SEN support plans or EHC plans are consistent and complement one another.</p>
---	---

GLOSSARY OF TERMS

- **Access arrangements** – special arrangements to allow pupils with SEN to access assessments or exams
- **Annual review** – an annual meeting to review the provision in a pupil’s EHC plan
- **Area of need** – the 4 areas of need describe different types of needs a pupil with SEN can have. The 4 areas are communication and interaction; cognition and learning; physical and/or sensory; and social, emotional and mental health needs
- **CAMHS** – child and adolescent mental health services
- **Differentiation** – when teachers adapt how they teach in response to a pupil’s needs
- **EHC needs assessment** – the needs assessment is the first step on the way to securing an EHC plan. The local authority will do an assessment to decide whether a child needs an EHC plan
- **EHC plan** – an education, health and care (EHC) plan is a legally-binding document that sets out a child’s needs and the provision that will be put in place to meet their needs
- **First-tier tribunal / SEND tribunal** – a court where you can appeal against the local authority’s decisions about EHC needs assessments or plans and against discrimination by a school or local authority due to SEN
- **Graduated approach** – an approach to providing SEN support in which the school provides support in successive cycles of assessing the pupil’s needs, planning the provision, implementing the plan, and reviewing the impact of the action on the pupil
- **Intervention** – a short-term, targeted approach to teaching a pupil with a specific outcome in mind
- **Local offer** – information provided by the local authority that explains what services and support are on offer for pupils with SEN in the local area
- **Outcome** – target for improvement for pupils with SEN. These targets don't necessarily have to be related to academic attainment
- **Reasonable adjustments** – changes that the school must make to remove or reduce any disadvantages caused by a child’s disability

SEND Information Report 2024-2025

- **SENCo** – the special educational needs co-ordinator
- **SEN** – special educational needs
- **SEND** – special educational needs and disabilities
- **SEND Code of Practice** – the statutory guidance that schools must follow to support children with SEND
- **SEN information report** – a report that schools must publish on their website, that explains how the school supports pupils with SEN
- **SEN support** – special educational provision that meets the needs of pupils with SEN
- **Transition** – when a pupil moves between years, phases, schools or institutions or life stages
